3. Choice Humanitarian: Marilyn Reed/ Chance Foster: Yaateeh and thanks for giving us the opportunity to be on your agenda. We are with Choice Humanitarian, and it is known world-wide helping different countries. Our goal is building capacity within the Former Bennett Area, and help Chapters secure the Escrow Fund in partnership with Navajo Land Commission through a Memorandum of Agreement with established Roles and Responsibilities, monitoring, and providing technical assistance as well as training. In accessing the Escrow Funds, we will maximize needs of FBFA and develop your community. Escrow Funds are only for building supplies so there's a plan to utilize trained volunteers through Choice Humanitarian to upgrade homes. Our goal is to provide more detailed information on the Housing Escrow Fund Grant through USDA Rural Development soon. We also want to provide more information on our Food Security Project to build capacity in farming/gardening to develop entrepreneur in the local food security market.
