Lena – there is a lot of fraud, like hardship checks, we are over 400,000 people which increased a lot, we are doing a lot of research, non-navajo are coming in saying they are Navajo, birth certificate, albert hale help a lot and changed the law, if you want birth certificate it use to be 7 documents but its 2 documents,

### 3. Chapter Vice-President – Lola Smith

Lola – thank you for your coming and bringing your favorite side dish, April 25 to May 8 is when you can submit your application for chapter official positions, once you put your application and they will determine if you qualify for the position. Many you have heard about accident at page high school and attendance by communities of gap, lechee, Coppermine, kaibeto. In the gym is mostly attendance by native and each person paid \$10 to go in. The school made money from the games and from our children attending school. Elderly 80 year old grandma and her daughter were hit by vehicle and the grandma passed away. The city of page don't care about native. We need to do something about this and have mention to lena and judy. The problem is parking, lighting, and there should been police to direct traffic.

Comment – there is fence everywhere

Lola – we need to strategize, contact mike Anderson, contact Navajo president,

Comment – the person passed away on this morning

Al – I have worked with JOM and the money they hang on to it, I have said the money is for our children, have told them that you want funds received for native students attending school yet not

provide assistance to our native children, the need rude awaken, march into that town with signs and make them understand we are financing their education, we need to do that,

Frank – page is just prejudice bordertown

Comment – use to work for PUSD, I work under special education, deal with IEP, we run our meetings and evaluations, parents have a lot of rights, when we have meeting and teachers are there and parents are not present,

JoAnn – heard of this and made phone calls to have meeting with superintendent, city of page mayor, council delegate, Navajo nation president, mike Anderson, etc. with district one council too. The page police, fire for the document approval which hasn't happen yet, when is this going to be done which I ask mike Anderson, if anything happens on N20 then ambulance services can be provided by city of page instead of ambulance from tuba city. Look after yourselves if you go to games.

Lola – grandma lives in kaibeto, daddie bigman, you can provide assistance to the family Allen – jurisdiction is issue, need to look into the memorandum of agreement, how was it setup the wording, its something that need to be heard, they will say its our fault,

Comment – why can't all the chapters (lechee, gap, Coppermine, kaibeto) come together and voice it to the them and

Lena – its always been that way of not working together with native, need native to run for city of page, school board, etc. more native live in the city of page. Coconino doesn't have say in the city of page. City of page have their own laws. Public school are apart of the state of Arizona. The school board has more power, need to select all the school board, need to help Desire,

## Chapter Grazing Official – Stanford Fowler

Page school has been that way so I didn't attend school there. Even city of page have meetings just among themselves. Had western agency grazing meeting today. Council delegate herman attended and provide information to be our voice. CKP

Comment – anything going happen about horses

Stanford – working with the Navajo nation, each agency need roundup crew, there is only one crew to cover the Navajo nation, there are people against it as well, its protected, so have to work it the right way, horses were here first,

Comment – person have small permit and he is overgrazing, I brought up to kaibeto chapter and to Coppermine and nothing is done about it, they are overgrazing over my land

Stanford – we grazing just have tally so we just communicate only

Comment - need enforcement

Stanford – we cant give out citation, if unbranded then you can butcher it, these overgrazing continue to overgraze, there should be fee for the number of livestock like what new Mexico does, Yoshi – live trees were cut, take picture of the tree and take picture of license plate,

Stanford - have told rangers to come out inspect the wood been sold

Floyd – want to say thank you and gathering. When we have dinner then a lot of people come to the meeting but other times its just quorum amount. Donation from ABNDN for the goody bags. In the past we use to hold meeting to give out past information. I am willing to have night of story telling. We don't know Coppermine history, when anglos came. What was coppermine's first name. Coppermine ore was transported. People ask what is the name of where the copper is been transported from and name was Bob's core, bob was his name. Set up time like new years. Will let community and announce on facebook.
